

AUSTRALIAN BAND

Flint. is making indie rock music, trying to avoid the obvious ...

Our sound is offbeat, alternative guitar rock that looks for the unfamiliar to find the unknown and play the unexpected ...

Debut EP [Follow the Embers](#) OUT SOON (late July)

2nd single [WIDE AWAKE](#) out on July 23rd.

With a hint of Arctic Monkeys, **Wide Awake** is a roller coaster ride through the dark and light of a high-energy rock dream.

After 2 years putting the pieces together, *Flint.* have found a mindset for creating something different. Formed late 2019, *Flint.* have concentrated on arrangements that take rock for a ride on a roller coaster, and listeners on an unexpected journey.
